Dear LAAE Contributor:

The Los Altos Academy of Engineering is beginning a new school year again. We have many projects planned for the 2006-2007 school year, and the many students involved are hard at work. This group of dedicated and motivated students has sacrificed their Tuesday and Wednesday afternoons along with their Saturday mornings to prepare for upcoming competitions and projects. Our main focus at this time is to finish Infusion, which is already up and running. Several students and dedicated alumni have been putting their brains together to work on DARPA, a competition where autonomous vehicles race in an urban setting with traffic. Our other areas of focus are preparing for the Botball competition, BYDV, Winston Solar Challenge and World Solar Challenge, ZEV challenge, Solar Boat, Middle School Robotics, and JPL. During the 2005 to 2006 school year, the academy had much success with many of their projects. Our BYDV team, Dynamic Innovations, placed 1st again out of 250 schools and was the first school ever to have two consecutive wins! In addition to that, Botball placed 5th out of 50 schools at the National Robotics Competition!

If you would like to become involved with any of our programs or make a contribution to our causes, please feel free to call us at (626) 330-1096 or return the attached form with a check (payable to Los Altos Conqueror Education Foundation) to 15325 E. Los Robles Ave., Hacienda Heights, CA 91745 or with an LAAE student. All donations are tax deductible. You can also visit our website at www.lasv.org for further information concerning our missions, objectives, and past accomplishments. Thank you once again for your support. We would not be as successful without contributors such as you.

Sincerely,

THE LOS ALTOS ACADEMY OF ENGINEERING

LAAE 2006-2007 donation form

This year the Academy is taking on the challenge of ten projects: Middle School Robotics, Botball, Build Your Dream Vehicle, Solar Boat, ZEV challenge, the official rollout of our fuel cell vehicle – Infusion, DARPA, World Solar Challenge, Winston Solar Challenge, and JPL. These projects require a lot of funding and we appreciate all sponsors and donations. If you would like to make a generous contribution to LAAE, please complete the following information.

LAAE Student Name _____ Sponsor's Company Name _____

Sponsor Name _____ Relation to Student _____

Sponsor's Address _____ Phone No. _____

_____ Email _____

Donation Amount \$ _____

(Please make checks payable to LACEF. Los Altos Conqueror Education Foundation is a Non-Profit Organization. Tax ID# - 05-0601700)
